

Form ADV Part 3 – Client Relationship Summary

Date: 09/21/2026

Item 1: Introduction

SHP WEALTH MANAGEMENT, LLC is an investment adviser registered with the Securities and Exchange Commission offering advisory accounts and services. Brokerage and investment advisory services and fees differ, and it is important that you understand the differences. This document gives you a summary of the types of services and fees we offer. Please visit www.investor.gov/CRS for free, simple tools to research firms and for educational materials about broker-dealers, investment advisers, and investing.

SHP Wealth Management, LLC is owned by SHP Financial HoldCo, LLC, which is wholly owned by Bluespring Wealth Partners, LLC, a subsidiary of Kestra Holdings. As a result, we are part of the Kestra organization, which includes other affiliated financial services companies.

Item 2: Relationships and Services

Questions to ask us: Given my financial situation, should I choose an investment advisory service? Why or why not? How will you choose investments to recommend to me? What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?

What investment services and advice can you provide me? Our firm primarily offers the following investment advisory services to retail clients: portfolio management (we review your portfolio, investment strategy, and investments); financial planning (we assess your financial situation and provide advice to meet your goals); and selection of other advisers (we select a third party adviser for you to use). As part of our standard services, we typically monitor our client investments on a quarterly basis. Our firm offers both discretionary advisory services (where our firm makes the decision regarding the purchase or sale of investments) as well as non-discretionary services (where the retail investor makes the ultimate decision). We limit the types of investments that are recommended since not every type of investment vehicle is needed to create an appropriate portfolio. Our firm has an account minimum of \$1,000,000, which may be waived by SWML in its discretion. Please also see our Form ADV Part 2A ("Brochure"), specifically Items 4 & 7.

Questions to ask us: Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me? How might your conflicts of interest affect me, and how will you address them?

Item 3: Fees, Costs, Conflicts, and Standard of Conduct

What fees will I pay? Our fees vary depending on the services you receive. Portfolio management and selection of other adviser fees are based on the amount of assets in your account. The more assets in your account, the greater our fee will be; therefore, we have an incentive to encourage you to increase those assets. Asset-based fees are withdrawn directly from your account with your written authorization. Primarily, these fees are collected on a monthly basis and the fees are paid in arrears. Financial planning fees are hourly and are charged in arrears upon completion of our planning services. You pay our fees even if you do not have any transactions and the advisory fee paid to us generally does not vary based on the type of investments selected. Please also see Items 4, 5, 6, 7 & 8 of our [Brochure](#).

Some investments (e.g., mutual funds, variable annuities, etc.) impose additional fees (e.g., transactional fees and product-level fees) that reduce the value of your investment over time. The same goes for any additional fees you pay to a custodian. Additionally, you will pay transaction fees, if applicable, when we buy or sell an investment for your account. **You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.** Please also see our [Brochure](#) for additional details.

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have? When we act as your investment adviser, we have to act in

your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means (see heading immediately below).

How do your financial professionals make money? Primarily, we and our financial professionals receive cash compensation from the advisory services we provide to you because of the advisory fees we receive from you. This compensation may vary based on different factors, such as those listed above in this Item. As licensed insurance agents, our financial professionals also receive commissions from clients on the sale of insurance products and therefore have an incentive to recommend products that provide them or us additional compensation over those that do not.

Because we are part of the Kestra organization, we are affiliated with other companies that provide financial services. For example, we may recommend an affiliated trust company, such as Arden Trust Company, to serve as a corporate trustee. This creates a conflict of interest because we have an incentive to recommend an affiliated service provider. We address these conflicts by disclosing them and acting in your best interest.

Bluespring and the Kestra Affiliates are ultimately owned by Kingfisher Topco Holdings, LP (“Kingfisher”). Some of our advisors and associated persons own equity in Kingfisher and may benefit if the Kestra Affiliates perform well financially. This ownership creates a conflict of interest because advisors owning equity in Kingfisher may have an incentive to recommend services offered by Kestra Affiliates.

Please also see Item 10 of our [Brochure](#) for additional details.

Item 4: Disciplinary History

***Questions to ask us:** As a financial professional, do you have any disciplinary history? For what type of conduct?*

Do you or your financial professionals have legal or disciplinary history? No, we do have legal and disciplinary events within the past 10 years. Visit <https://www.investor.gov/> for a free, simple search tool to research us and our financial professionals.

Item 5: Additional Information

***Questions to ask us:** Who is my primary contact person? Is he or she a representative of an investment adviser or a broker-dealer? Who can I talk to if I have concerns about how this person is treating me?*

For additional information on our advisory services, see our [Brochure](#) available at <https://adviserinfo.sec.gov/firm/summary/174697> and any individual brochure supplement your representative provides.
